

PROTECTION FOR YOU AND YOUR FAMILY

Revilo Life and Towergate are working together to provide a range of insurance policies that recognise everyone is different. From specialist travel insurance and carers life insurance to home insurance that covers vital mobility equipment and your home adaptations.

Carers Life Insurance

Do you worry about who would look after your loved ones if you couldn't?

We understand the responsibility that you may have and our specialist Carers Life Insurance offers a life insurance policy to protect the people you care for:

- It pays out on sight of an original death certificate without the need to wait for probate
- The benefit does not form part of the deceased estate
- The person requiring 24/7 care may be able to remain in their own home for a period and have additional paid support to enable this
- It provides time for careful considerations as to what the best long-term solution for daily living should be
